Modified endorsement :

It will be considered as assured for liquidation (in process for a liquidation and/or guarantees), liquidation (and/or solidary Fondo de Solidaridad), and/or Generations and/or Transmissions Fund de Electric Sector. It is established these three sector in an Indemnisation Companies of the Electric Sector exclusive for the following Companies: C. de C. de Electricidad, Electroguayas S.A., Hidroagoyan S.A., Hidrocarua S.A., Hidropaute S.A., Termoesmeraldas S.A., Termopichincha S.A., Transelectric S.A.

Transelectric S.A., like an assured company, shows a formal complaint for the irregular situations that has been receiving from the Insurance Companies and/or reinsurances, or the adjusters that were named by you, in what handling the claims and adjusters there and/or the payments for the indemizations, we have not received and also, the payments of the claims are not done. For that reason, is important to know that Transelectric S.A. has fulfilled the payments and/or compensations for the insurance as per the company to pay all the supported claims that were caused by the directly and/or through Fondo de Solidaridad (Solidarity Fund). Also, Transelectric S.A. is the insurance company as for the Axis international adjusters.

Transelectric S.A. feeling directly harmed and based on what was represented in the Translectric Directors' Directory, made up with the representatives of Fondo de Solidaridad (Solidarity Fund), the representative of the World Bank and the Legal President, decided to legal repossess the transformers and the legal logs together with the general manager, sinisters's adjusters, company that was administrative assistance by the End of September 1999, to solve the problems of the claims presented to the insurance companies.

In order to keep a work meeting, we have to consider the following points:

1. Autetransformer claim, phase B, Pascuales Installation, damage occurred on May 18,1997. (Axis Report No. 1921).
   - 1.1. Acting of the reinsurers named by the insurance company and his support to the Axis adjusters.
   - 1.2. Chronicle of events assumed by the reinsurers.
   - 1.3. Preliminary Statement of Loss presented by Axis adjusters.
   - 1.4. Fact decription and acting of the insurance Company
   - 1.5. Advances of the reinsurers and/or underwriters.
   - 1.6. Fideicomissum given by the insurance company.
   - 1.7. Statement of Loss and adjustment.

2. Central Hidroelectrica Paute-Guarumales Claim, damage occurred on April 19, 1998.
   - 2.1. Acting of the Mendes, Mount, LLP and Cunningham Lindsey international adjusters in the corresponding claim release to the insurance company.
   - 2.2. Chronological exposition of the facts and acting of the adjusters.
   - 2.3. Seguros Progreso's seeings and comments.
   - 2.4. Fideicomissum given by the reinsurers/underwriters and by the insurance company.

3. Autotransformers bank claim at the Pascuales Substation (phase A,C, and Reserve), damage occurred on September 3, 1997. (Axis Report No. W97279)
   - 3.1. Acting of the local adjusters named by the insurance company and his support to the Axis adjusters.
   - 3.2. Chronicle of the events and acting of the reinsurers.
   - 3.3. Preliminary Statement of Loss prepared by the reinsurers.
   - 3.4. Proposition of facts and acting of the reinsurers.
   - 3.5. Advances of the reinsurers.
   - 3.6. State of loss and adjustment through Clause.

4. Indemnization and payment of the claims adjusted by Mendes & Mount, LLP and Cunningham Lindsey (attach D).

5. Designation of the local and international adjusters for the claims/damages supported by the new AL risk policy hired with ACE insurance company.

PRESIDENCIA EJECUTIVA

As a result of the meeting Transelectric S.A. wants to get to an agreement that might satisfy both sides, deducing among the conclusions to determine the necessity to maintain a work meeting with the Axis adjusters, whom we later will deeply discuss the technical support of the damaged autotransformers, its value and the final Statement of loss; the named staff will be eager to travel to the Axis offices in Miami along with the factory technitians of the damaged autotransformers.

Transelectric S.A. declares to reserve the right to take any local and foreign legal action if necessary, it can be against Peguros Progreso as well as the adjusters, declaring that it is not what we want, for this reason and with the support of the application of the Cut Througd Clause and as an assured company, we want it to act as occurred in the claims which are given in details in the attached the Settlement Agreement and Release Act, stating the desire of collaboration from Mendes & Mount,LLP and Cunningham Lindsey adjusters to solve the claims and to proceed with the payment.

I will appreciate you granting us the appointment to the meeting which will be held during the second week of april.

Please let us to know as soon as possible to our fax No. 593-2-231346.

Aon Group Ltd. and Aon Group Ecuador continue to be the reinsurance brokers, therefere, Transelectric S.A. and the Generations assured companies wishes to have a better communication and service with both.
